0 out of 5 stars This is not your mothers vibrator. I have an old Conair same model and it has probably 3 times the power as this one. This is a pale imitation with no motor strength. Absolutely useless. I should have listened to the other reviews but I thought they were just being picky. No, they were speaking truth. This thing is so bad that it should be removed from the shelves. Cmon, Conair, you are a reputable brand. This thing is not worthy of your name! Dont buy. Dont be fooled like me! I read the other reviews and I figured if people were using this for their backs theyd be disappointed, but I definitely wasnt using this for my back, and I was frustrated and unamused. I wish I could return, but that would be gross. Any amount of press overwhelms the unit and it stops so I had to through it out. The older units were great, but they have obviously cheapened this thing down to where it's useless. Am looking forward to trying the attachment with the teeth on my scalp. The attachments go on easily. Before ordering this, I tried a couple from the drugstore and they were terrible. The attachments were murder to get on. This Conair is the best. It has no power whatsoever. This is a horrid cheap motor that the company no doubt changed to save money. Its not worth the packaging its in. I would return it but its not really worth the hassle to repackage to send back at this point. Unless they bring back the old model I would not purchase. I had an older one that looked just like it by conair. Yes the old one was not a bone pounder but was nice to relax facial muscles. Got this one and it was a quarter of the power of the old one that is discontinued. I looked

at specs and found this one has a much smaller motor. Its really useless, take my word folks, i love a good product but this is useless. I threw it out. In fact the one I hope to replace really only needs a new cord, the motor is still

perfect. <http://friendsnpo.com/fashion/fashion/articles/92-buick-roadmaster-owner-s-manual.xml>

I was hoping to get another like that here, but no love see what I did there No es magia, tampoco esperes que el aparatito lo haga todo. Al ser pequeno y ligero no puede hacer presion suficiente si lo dejas solo puesto sobre el area a tratar, por ejemplo; uno mismo puede darse masaje en las extremidades, en el torso, el rostro o la cabeza pero si necesitar tratar los hombros, espalda, corvas o en general el area de atras, el aparato tiene que ser manejado por otra persona para hacer la tarea, pero podra completarla con exito. Las diferentes opciones de punto de contacto se adaptan a casi todas las necesidades que puedas tener. Realmente es una excelente opcion de bajo costo. Sorry, we failed to record your vote. Please try again Sorry, we failed to record your vote. Please try again No es un producto milagro, sin embargo es bueno en relacion con su precio. Tampoco es el mas potente, si se compara con el masajeador shiatsu de otra marca pero por el precio y recibirlo a la puerta de tu casa, me parece un excelente producto. Como todo, es cuestion de ser constantes. Sorry, we failed to record your vote. Please try again It finally broke and I thought this might be a replacement. Boy was I disappointed!!! This has less power than those underfivedollar joke ones from the dollar stores. If this ran on a single AAA battery you could understand the lack of power, but this is a plugin!!! Should not be on the market. DONT waste your money! Sorry, we failed to record your vote. Please try again Ahora veo por que estaba en liquidacion Sorry, we failed to record your vote. Please try again It barley moves the skin let alone work for her back. returning! Sorry, we failed to record your vote. Please try again Not worthy your money Sorry, we failed to record your vote. My guess is that we had been pulling at a very slight angle when we tried to do it one at a time and that messed it up. I hope this helps the next person to google this lol. Whats really funny is. How many people proof read these directions and never caught it. To answer like all the others. yes you just pull them off. To elaborate, you do need to put a little strength into it. Its not easy the first time, because there is a fear of breaking it. Dont worry, just wrap your fingers around it and it and pull. No twisting is necessary. I found it was easiest, with the acupuncture attachment, to use a towel wrapped around it so my fingers didnt slip when I pulled. Good luck! I have pulled on the acupressure attachment it wont come off. If you want NextDay, we can save the other items for later. Order by, and we can deliver your NextDay items by. 0 out of 5 stars 23 ratings, based on 23 reviews Good value March 14, 2017 I was looking to replace old old.I just got it, and I like it. It has all the other attachments for scalp and muscles. 2 speeds is also a big plus. See more Reviewed by poupette poupette Helpful. Decent massager, but not very powerful. Good for neck, scalp, but dont expect great back massage. Yes 0 No 0 Report Average Rating 2.0 out of 5 stars 23 ratings, based on 23 reviews Dissppointed February 19, 2017 Verified purchase Years ago I was given a Touch N Tone as a gift. I probably used it for at least 15 years when it finally lost its power. So I decided to purchase another one because the old one was so reliable. Needless to say I was so disappointed after trying to use the one I just purchase. It has very little power and I am thinking about returning it. Please consider another massager even another one made by Conair would probably be a better selection. See more Reviewed by walmartisagreatstore walmartisagreatstore Helpful. Specifications Features Ergonomic Handle, 6 soothing and stimulating attachments, including one with a magnet Extended line cord Brand Conair Manufacturer Part Number HM11M Assembled Product Dimensions L x W x H 6.00 x 8.00 x 2.00 Inches Customer Reviews 3.5 Average Rating 3.5 out of 5 stars 27 reviews 5 stars 13 4 stars 2 3 stars 3 2 stars 3 1 star 6 See all reviews Write a review Most helpful positive review 6 customers found this helpful Average Rating 5.0 out of 5 stars Acupressure Tool This massager is wonderful on acupressure and reflexology points. The vibrating heads on other massagers cannot focus on small areas like this one can. Painful points are quickly relieved, producing a nice sensation of relaxation. I was surprised at how effective it is exactly what I was looking for. See more VS Most helpful negative review 26 customers found this helpful Average Rating 1.0 out of 5 stars Weak motor This massager has no power. You can actually stop the vibration by pressing down on the massage head, meaning it cant give a deep massage. All of those attachments are nice, and it has a nice compact size, but its all useless if it cant perform the one function that its supposed to do vibrate. This is no exaggeration, but this massager literally has as much power as a cell phone on vibrate. Just save your money and call yourself, and put your phone where it hurts. See more VS Most helpful positive review 6 customers found this helpful Average Rating 5.0 out of 5 stars Acupressure Tool This massager is wonderful on acupressure and reflexology points.
